WEST CHESHIRE TOGETHER LSP NETWORK CONFERENCE

The second LSP Network conference will be held on the

Civic Hall and lunch will be provided. Partners will have the opportunity to network and share information with a range of organisations across the public, private, voluntary, community, faith and independent sectors.

The free conference will focus on three key consultation exercises, where your views are sought to help inform and shape major local policies over the coming years:

- **Sustainable Community Strategy** which sets out the key social, economic and environmental priorities for the area. This is a hugely important document for allocating resources.
- **Local Development Framework** which is the vision that forms the core planning and land use policies for West Cheshire.
